22/01/2025

Dear Parents and Carers

As part of our topics 'Have you got green fingers?' and 'Who Lives in a Castle?' we will be exploring stable structures and simple mechanisms in design and technology. We are excited that the children will have the opportunity to develop these skills using Lego! EYFS children will learn how to build a strong castle whilst engaging in a creative process and developing their stamina and resilience. Key stage 1 children will learn how to build a strong castle whilst learning about how each of the different parts helps it defend itself against an attack. All the children begin by working in pairs and then combine their towers/walls with other children to create a complete castle. The Lego sessions will take place in school on Tuesday 4th March.

The cost of the session is £6 per child. Please login to your Parent Pay account to make your payment. Thank you.

Kind regards

Jane Barnes -Head teacher
