Professionals

"We've been fortunate enough to work in partnership with Play in Ltd for the last 3 years. Its benefited our company by increasing our footfall into our indoor skatepark, created new avenues of revenue through recommendations both by staff and work delivered. It's increased our market as we don't usually cover the areas where the kids clubs are based. Play in Ltd plug our business through their social media streams which again supports our company profile, we are extremely grateful"
