Attendance

Frequent absenteeism can lead to **feelings of isolation and disconnection from school and peers**. Moreover, children may experience anxiety about falling behind or struggling to fit in when they return to school. This anxiety can be a significant barrier to their engagement and overall well-being.

Learning in school starts at 8.20am.

School Target 95%, National Target 96%

Previous weeks whole school attendance was 93% up 0.1%

A massive thank you to all of our families who make every effort to get their children to school.
